A. Station 7 – Dacono Construction Project.

Chief Templeton initiated discussion regarding the receipt of the Energy Impact Grant, in the sum of more than \$730,000. He requested authorization from the Board of Directors to go forward with the project. Discussion was held. President Rusk followed up with Dick Lyons to make sure there was no need for an election nor amendment to the budget due to the receipt of the Grant. It was verified that there was no need for either as the District de-Bruced in 1997, and the funds have been accounted for in the Capital Reserve Budget for 2008.

Starr Aldrich moved to proceed with the Station 7-Dacono construction project. Stephen Walker seconded such motion, and it was thereafter unanimously approved.

B. Energy Impact Grant Contract Authorization.

Chief Templeton initiated discussion regarding the Energy Impact Grant contract. There is a meeting with our District DOLA representative, Don Sandoval, scheduled for Tuesday, May 6, 2008 at 9:00 a.m. at the Administration Office. Staff will receive the contract proposal from Mr. Sandoval, on behalf of the State of Colorado, review the same for content, and thereafter send it to Richard N. Lyons, the District's legal counsel, for approval. It is believed that this matter will be finalized prior to the next Board meeting., therefore Staff requests the Board of Directors to authorize the appropriate officers to execute the contract as soon as possible after it has been

approved by legal counsel, to enable expeditious initiation of the Station 7 construction project. Discussion was held regarding alternatives for funding the balance needed to complete the project. President Rusk asked that we look at savings for building the station.

Stephen Walker moved to authorize the appropriate Board officers to enter into a contract with the Division of Local Government for the receipt of the Energy Impact Grant funding, contingent upon approval of the contract language by District's legal counsel. Starr Aldrich seconded such motion, and it was thereafter unanimously approved.
